

We turn our entire passion and effort into our daily challenges, we aspire to improve continuously our capabilities to achieve perfection in delivering exciting, inspiring and mindful software solutions for the young and old.

Turneo is growing up!

We are looking for **a new team member** for Turneo with the following profile:

- 🌀 Awesome developer. The programming language doesn't really matter, but should be willing to spend his coming month mostly with C#, WPF, ASP.NET MVC and JavaScript (jQuery, Knockout, SignalR).
- 🌀 A dedicated, focused and passionate person willing to craft the most amazing products and beautiful experiences.
- 🌀 Interested in every aspect of software development (coding guidelines, design patterns, agile practices, etc.) and ready for learning and teaching new stuff. Always looking to improve himself and the team.
- 🌀 Fluent in English, because communication and teamwork is key for our success.

General Job conditions:

- 🌀 Part, full or flexible time
- 🌀 On our premises (office) or remote (anywhere at the world)
- 🌀 Freelancer or through a subcontract with another company

As you see we are very flexible and our team comes from different cultures and backgrounds. At our offices different languages are spoken and we believe in an open and honest communication. Everybody cares and is an integral part of **Turneo's success**, we encourage every member to voice their opinion and bring up discussions to help us improve always.

Do you also want to be a part of our team? Do not hesitate to contact us at jobs@turneo.com
